Q What is a Fleurco Quad base?

A The Quad base is a unique base that allows for 3 configurations: in-line, 2-sided (left or right) or 3-sided applications. Comes with 3 aluminum precut tiling flanges that can be installed for 3 different applications (in-line, 2 sided or 3 sided).

Q Why should I buy a Fleurco Quad base?

A Quality and durability • Easy to install • Flange does not brake + easy to drill • Always have the correct base, Fleurco aluminum "T" flange allows the choice of the threshold locations on our "Quad" base at the install • Largest assortment of "Quad" bases in the industry

Q What are the base features?

• Numerous sizes and drain positions • Available in a biscuit and white color

Q What is a "T" flange?

A The aluminum "T" flange is stronger than the traditional acrylic or fibreglass flange. The aluminum flange will allow the base to be firmly and securely fastened to the base and wall, creating a watertight movement free installation.

Installation of tile flange done for \$65 list price.

Q What doors fit on the base?

A Fleurco offers numerous choices of configurations: in-line, 2 sided and 3 sided. Door styles: sliders, pivot and shields. To find and price the doors that fit on the selected bases visit

www.designashower.com
Building your shower, one step at a time

1. Choose (click on) the language
2. Choose the base shape that fits your requirements
3. Choose the size and color
4. Click on the appropriate configurations offered
5. View product lines that fit the configuration required
6. Click on the product line and you will see the door and the options available
7. Click on the selection and the site will guide you to a complete product, code and list price

FLEURCO **Fleurco Shower Doors**

ABF3763AD (ROLL-IN TYPE)
SHOWN WITH PLATINUM DOOR PXTP60-11-40L-TD

FEATURES

- ADA compliant shower bases: transfer and roll-in type
- Single piece construction with fiberglass bottom reinforcement
- Build-in tile and floor flanges to ease installation
- Textured floor
- Wide threshold design to accommodate in-line Fleurco shower door* configurations
- Levelled to floor trench drain with cover
- Removable stainless steel decorative drain cover for ease of maintenance
- Applicable certification: CSA B45.5-11 / IAPMO Z124-2011

**Selected models offered*

AD models

ABF3739AD (TRANSFER), ABF3763AD (ROLL-IN)

A base in style for today and tomorrow

Fleurco is introducing two innovative Accessible Design (AD) shower bases: a transfer and a roll-in type. Both meet current and adapt to future needs of the homeowners. The AD bases install flush to the bathroom floor with a trench drain and stainless steel cover. They are wheelchair friendly and ease foot traffic accessibility, thus combining safety with style. A wide threshold can accommodate a selected Fleurco shower door models.

This future-proof design solution allows homeowners to plan their bathroom today with a shower door installed. Tomorrow, if their lifestyle changes, they can transform it into a fully accessible shower by removing the shower unit and accessorizing it accordingly.
