Microtek Glass Protector

Protect your shower glass and extend its life by choosing Microtek, Fleurco's unique water repellent coating. Microtek uses the latest technology to offer easy maintenance and a hygienic environment. Microtek protects your glass for up to ten years.

COMPARED WITH ORDINARY GLASS, MICROTEK:

- Resists staining from hard water deposits.
- Is easier to clean.
- Does not support the growth of bacteria.
- Eliminates the need for harsh and abrasive cleaning products.

YOUR GLASS PROTECTED WITH MICROTEK

- Saves time and effort.
- Stays cleaner longer.
- Creates a more hygienic environment.

PRECAUTIONS

- Avoid using abrasive cleaners.
- Hydrofluoric and phosphoric acid can damage glass surface and should not be used.
- Do not use abrasive scouring powders or pads, highly acidic/alkaline cleaners, brushers, razor blades or other sharp objects which may scratch or harm the glass surface.

MAINTENANCE

A soft cloth is all you need to clean your protected glass. For best results, squeegee dry after each use.

DURABILITY GUIDELINES

MICROTEK IS EXPECTED TO PERFORM FOR UP TO

10 YEARS

WARRANTY

Provided the glass is maintained according to published after-care instructions and without the use of abrasive cleaning methods or highly alkaline products, FLEURCO warrants that Microtek will work for up to ten (10) years from the date of application.
