ABOUT FIBO BY FLEURCO WALL SYSTEMS

Tiled walls are beautiful but high maintenance. Residue buildup occurs after every shower and if not scrubbed frequently, can become quite unhygienic. Fibo by Fleurco Wall Systems not only provide the luxurious look of natural wall coverings, but are extremely easy to maintain. The unique, patented Aqualock click system ensures the wall will be 100% waterproof (Fibo sealant required). Just follow the installation steps, and you're guaranteed a wall that will look great and last for years to come.

À PROPOS DES SYSTÈMES MURAUX FIBO PAR FLEURCO

Les murs carrelés sont beaux mais demandent beaucoup d'entretien. L'accumulation de résidus survient après chaque douche et si elle n'est pas fréquemment nettoyée, elle peut devenir peu hygiénique. Les systèmes muraux Fibo par Fleurco ne fournissent pas seulement une apparence luxueuse au revêtement mural, mais sont extrêmement faciles à nettoyer et sont 100% imperméables (le mastic Fibo est requis). Suivez les étapes d'installation et vous serez assuré d'avoir un beau mur durable pour les années à venir.
